

# DYNELLO® fastwinder

RS0302

## PRODUCT DESCRIPTION

Advanced strap winder for the cordless drill\* made for professionals. Made in the original and protected DYNELLO-design that provides excellent stability and control of the strap. The strap winder is developed with a dry bearing technology for continuous dry-running operation making it maintenance free. The body (red part) is made in an entire new polymer containing PFTE (also known as Teflon™), which gives ultra-low friction making each winding smooth. In addition, the strong bearing handle heavy and wet straps very well and offers excellent performance in any environment at any temperature. Best for 0 – 50 mm wide straps, max. length 20 m. **WARNING!** Use only with a cordless drill with max. 400 RPM rotational speed setting and with a variable speed control button. Including instruction manual. Self-assembly required.

\*Cordless drill not included.

## TECHNICAL DETAILS

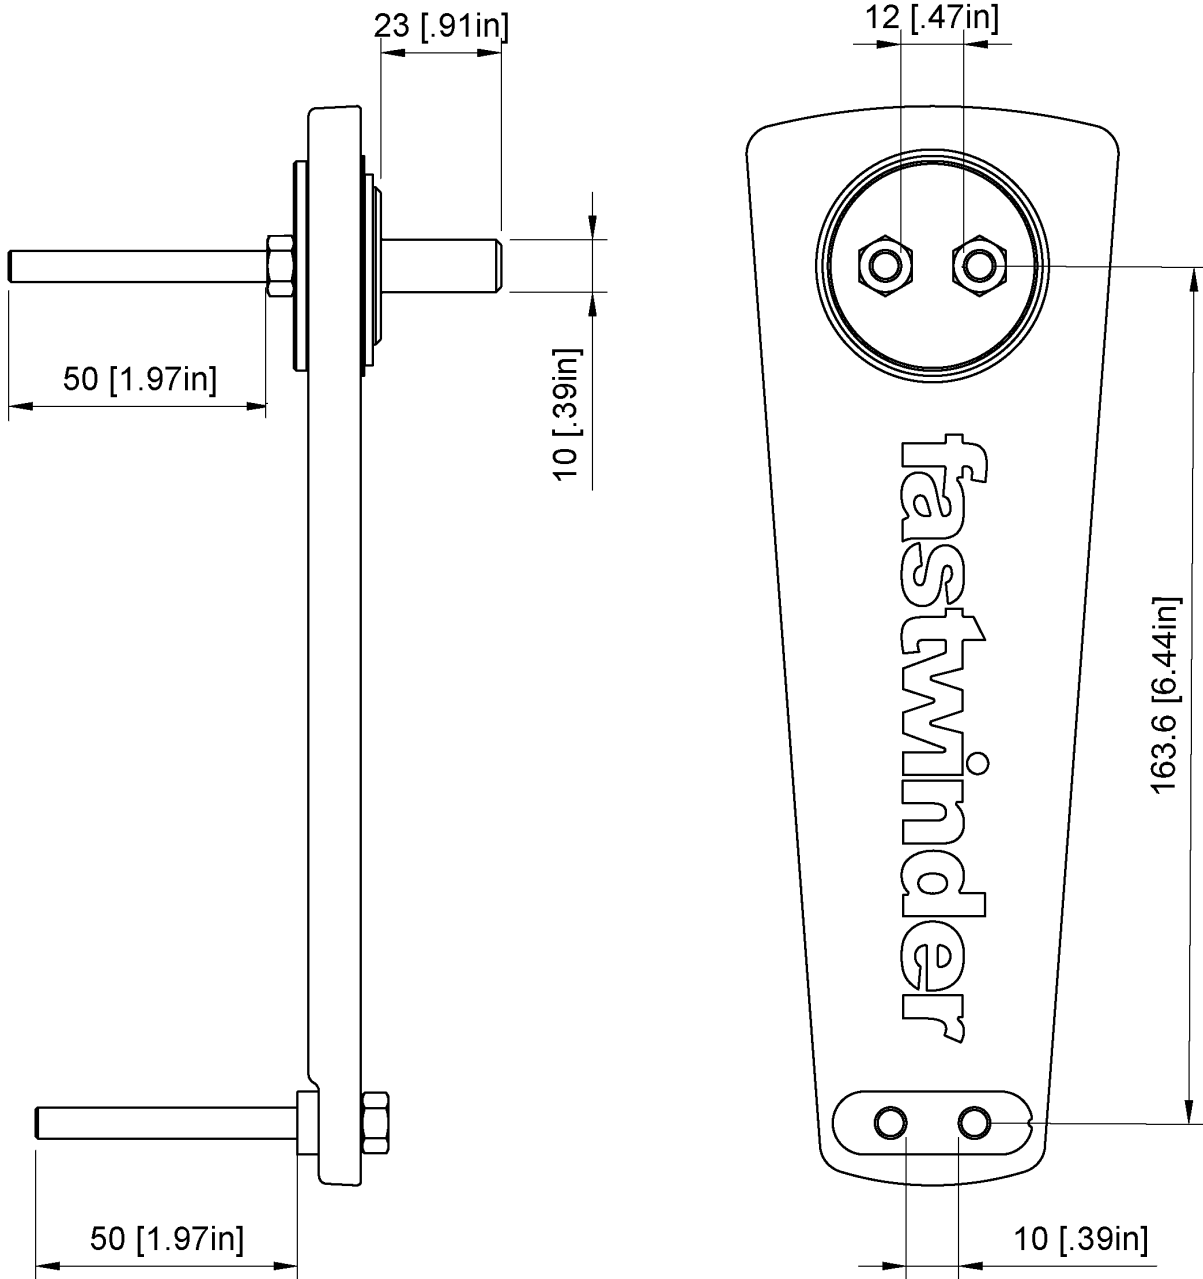

- Use: 0 – 50mm strap-width
- Max. length of roll-up: 20m
- Size (min. chuck size): Ø10mm
- Speed: Adjust speed and torque with drill
- Material: Polymer and aluminum
- Pin length: 50 mm
- Packaging: Cardboard box
- Weight (tool): 185g
- Weight (box as delivered): 250g
