

RS0307

Dynello Lite XL

DESCRIPTION

Dynello Lite is a new generation of strap winders for your drill. Precision CNC machined winding shaft, industrial grade polymer base plate and our new Add-On System make up our most durable strap winder for lashing straps.

The Lite model offers a maintenance free strap winder with excellent performance in any environment. The anti-corrosion materials ensure unproblematic strap winding of dirty and wet lashing straps.

The steer is compatible with our Add-On System¹, which can be modified to fit your lashing strap.

Dynello Lite XL is our extra large version for 5t and 10t lashing straps max. length 30 meter.

WARNING! Use only with a cordless drill with max. 400 RPM rotational speed setting and with a variable speed control button.

¹See all available add-ons at dynello.com
