PRODUCT 2024

# DYNELLO® Strap Winder

RS0601

## PRODUCT DESCRIPTION

DYNELLO® Strap Winder is a manual strap winder and is characterised as being both hand-held and portable. The new design is made in two parts; the *crank* and the *handle*. The crank rotates the strap and is made of thick steel to compensate for heavy-forced rotation without breaking. The handle is designed as a single part comprising the shaft to hold the webbing and the strap-steer that guides and steer the webbing during roll-up. The entire construction is made simple and ultra-strong, which ensures a maintenance-free and long-lasting strap winder.

In addition, the innovative two-part design provides improved ergonomics for your wrists during roll-up. The simple design makes it easy to insert the strap and wind it up quickly, without the need for any complicated maneuvers to get started. For storage, the crank has a cut-out so it can be attached to the handle, keeping the two parts together.

Ideal for truck drivers who prefer a simple, long-lasting and effective strap winder. Best for lashing straps from 35 to 50 mm wide, up to 25 m long.

DYNELLO® Strap Winder is a protected product.

## TECHNICAL DETAILS

- Use: 0 to 50 mm wide, up to 25 m long lashing straps
- Material: Galvanised steel
- Packaging: Carton sleeve
- Weight (net): 480 g

**30 METER STRAP  
IN LESS THAN  
20 SECONDS**

# DYNELLO® Accu Winder XL

RS0306

## PRODUCT DESCRIPTION

Heavy-duty strap winder in stainless steel for a cordless drill. The construction builds on the original and protected DYNELLO-design, which provides excellent control of the strap. The extra-long base plate can hold up to 30 meter of coiled strap. The strap winder includes the unique strap-steer that guides the lashing strap during roll-up. Use the strap winder with a cordless drill (Ø10 mm shaft).

Ideal for heavy and extra long lashing straps from 0 to 50 mm wide, up to 30 m long.

**WARNING!** Use only with a cordless drill with max. 400 RPM rotational speed setting and with a variable speed control button. Including instruction manual.

Maintenance instructions: Lubricate/grease regularly the rotating shaft.  
Note: Cordless drill not included.

## TECHNICAL DETAILS

- Use: 0 to 50 mm wide, up to 30 m long lashing straps
- Size, bit: Ø10 mm
- Pin length: 50 mm
- Material: Aluminium, Stainless Steel
- Packaging: Plastic
- Weight (net): 270 g
- Weight (gross): 380 g

All-round  
strap winder

# DYNELLO® fastwinder

RS0302

**MADE IN  
DENMARK**

## PRODUCT DESCRIPTION

Impact-resistant and all-round strap winder for a cordless drill designed for the tradies and truck drivers. Made in the original and protected DYNELLO® design that provides excellent control of the lashing strap during winding. The lightweight strap winder features an integrated maintenance-free bearing in the base plate (the red part), which offers ultra-low friction and handles heavy, wet webbing very well.

A highly versatile strap winder with excellent performance in any environment and at any temperature. Ideal for lashing straps from 0 to 50 mm wide, up to 20 m long.

**WARNING!** Use only with a cordless drill with max. 400 RPM rotational speed setting and with a variable speed control button. Including instruction manual. Self-assembly required.

Note: Cordless drill not included.

## TECHNICAL DETAILS

- Use: 0 to 50 mm wide, up to 20 m long lashing straps
- Size, bit: Ø10 mm

# DYNELLO® Spaceball

RS0402

## PRODUCT DESCRIPTION

DYNELLO® Spaceball is for those who have difficulty throwing heavy lashings. Whether it is over tall trucks, in windy conditions or through tight spaces. With DYNELLO® Spaceball you can throw accurately and minimise the stress on your shoulder/back when throwing, due to the low weight of just 225g.

Simply throw the spaceball and pull the lashing strap over the load. Attach the carabiner in the lashing strap-hook.

**Bonus!** It is also an effective tool to get the straps over the truck load in very windy weather.

## TECHNICAL DETAILS

- Material: Natural rubber
- Packaging: Carton box
- Weight (blue ball): 225 g
- Weight (net): 410 g
- Weight (gross): 430 g
